

Jacobs' Team Experience – Jason Roberts LLC

Jason Roberts LLC Overview

Jason Roberts LLC is a national provider of business services and enterprise application solutions and SAP Premier Partner. Since its inception in 1985, Jason Roberts has used its highly experienced resources in development, quality assurance, and implementation to deliver high-quality, cost-effective solutions. Jason Roberts utilizes its Global Sustainable Deployment Framework® methodology to complement the ASAP and Run SAP methodologies in order to reduce costs, minimize risks, improve operational efficiency and enhance user productivity. Jason Roberts LLC was among the first SAP partners to be certified in the Run SAP methodology and has incorporated the methodology into its implementation standards.

Specialized by industry, their product and service offerings include consulting, custom development, systems integration, change management, training, and technical services. Specific management groups address the public sector and governmental agencies. Headquartered in Bala Cynwyd, PA, Jason Roberts is widely recognized by both private industry and the public sector as an innovative leader with a proven record of success.
