

Jacobs' Team Experience – NDTI

New Directions Technologies, Inc. Overview

New Directions Technologies, Inc. (NDTI) is a service-disabled, veteran-owned small disadvantaged business. NDTI has supported the U.S. Navy since 1995 in various engineering and management areas and currently supports the NAWCWD through the ESS III contract. Providing services to a variety of DOD and private sector entities, NDTI specializes in program management, process modeling, and information technology services.
