Additional Informational SubCLINs (SLINs) will be created as incremental funding is added to fund this effort.

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. GM03	AMENDMENT/MODIFICATION NO. BP	PAGE 85 of 188	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

CLINs 1000, 4000, 4100, 4200, and 4300 on this task order are Cost Plus Fixed Fee.

CLINs 3000, 6000, 6100, 6200, and 6300 on this task order are Cost Reimbursable only and Non-Fee Bearing CLINs.

The exercise of option CLINs 4000, 4100, 4200, 4300 and the associated Other Direct Cost CLINs (6000, 6100, 6200, and 6300) are contingent upon the award term option period at the basic contract level being exercised.

The level of effort for the performance of this order is based upon an anticipated total estimated level of effort of 376,900 man-hours of direct labor. This total is comprised of approximately 75,380 for the base period and a total of 301,520 for the option periods. The contractor is encouraged to provide innovative solutions and labor mixes for fulfilling the requirement as defined in the Performance work Statement (PWS).

Offerors will utilize the total level of effort provided in Section B below for each year of their proposal. Offerors shall not provide a total level of effort different than listed below. However, offerors are free to propose their own labor categories and labor mix as long as the total level of effort matches the level of effort provided herein. To support the request for proposal, the following sample labor mix estimate is provided. This sample estimate is not to be considered direction from the Government as to labor mix. Offerors will utilize the sample estimate to propose a best value labor mix, which will be evaluated in accordance with Section M of the solicitation. This is provided as a sample personnel/labor mix, but does not necessarily represent the best value approach. The following are key personnel categories:

Senior RF Engineer (Lead)

Senior RF Engineer

Senior Electronics Engineer

Senior Engineer

Senior Software Programmer

Senior Electronics Technician

Material Coordinator

Configuration/Data Management/Contracts Specialist

Program Analyst/Procurement Specialist

Senior Electronic Design Draftsman

Senior Configuration/Data Management Specialist

Senior Technical Writer

Senior Graphics Illustrator

**KEY PERSONNEL QUALIFICATIONS REQUIREMENTS:**

The key personnel résumés shall demonstrate each of the personnel qualifications listed below.

**1. Senior RF Engineer (Lead)**

**A. Education.**

(1) Bachelor of Science in a technical field from an accredited college or university.

Or

(2) In lieu of the Bachelor of Science degree, the Senior RF Engineer may demonstrate six (6) years of experience in Electronic Warfare (EW) systems engineering as stated below, in addition to the required minimum twenty (20) years of experience.

----------------------------------	----------------------------	----------------------------------	-------------------	-------

B. Background/Experience.

- Minimum of 20 years experience in EW systems engineering design and development with prototype fabrication in all areas of antenna and radome design, RF systems design and development, systems integration and configuration for installation in full and sub-scale targets.
- Of the 20 years experience, demonstrate a minimum of 10 years specialized experience encompassing the following areas:
  - Design and conduct of antenna RF pattern testing and the configuration and management an anechoic chamber.
  - Performing testing to document performance of EW/Electronic Counter Measure (ECM) systems, subsystems, and components.
  - Responsibility for the design, development, and systems integration of state-of-the-art electronic countermeasure (ECM) antenna systems
- Of the 20 years experience, demonstrate a minimum of 5 years specialized experience the following areas:
  - Oversight of task order engineering developments and expert knowledge of EW/ECM systems and antenna applications including high power circular polarized horn antennas.

**2. Senior RF Engineer**

A. Education.

(1) Bachelor of Science in a technical field from an accredited college or university.

Or

(2) In lieu of the Bachelor of Science degree, the Senior RF Engineer may demonstrate six (6) years of experience in EW systems engineering as stated below, in addition to the required minimum fifteen (15) years of experience.

B. Background/Experience.

- Minimum of 15 years experience in EW systems engineering design and development with prototype fabrication in all areas of antenna and radome design, RF systems design and development, systems integration and configuration for installation in full and sub-scale targets.
- Of the 15 years experience, demonstrate a minimum of 10 years specialized experience encompassing the following areas:
  - Performance of detailed analysis and design of EW microwave antennas and systems.
  - Evaluating design efforts for validity and troubleshooting.
  - Preparation of performance specifications for new microwave systems and antennas.
  - Communication with sponsors and vendors for program requirements.
  - Responsibility for system design, development, fabrication, and testing of prototype microwave antennas associated with advanced EW systems.
  - Responsibility for antenna designs for EW/ECM systems and antenna RF pattern testing.
  - Performance of testing to document performance of EW/ECM systems, subsystems, and components.
  - Responsibility for the design, development, and systems integration of state-of-the-art electronic countermeasure (ECM) antenna systems for airborne, ground based and seaborne applications.
- Of the 15 years experience, a minimum of 5 years specialized encompassing the following areas:
  - Preparing and conducting microwave training classes for DOD personnel.
  - Supervising and training technicians in testing of antennas and systems.

- Advising on testing and assisting in operational deployment of EW antennas and systems.
- Support of the configuration and management of an anechoic chamber.
- Expert knowledge in the general area of EW/ECM systems with experience in antenna applications and Active Electronically Steered Arrays (AESA).

### 3. Senior Electronics Engineer

#### A. Education.

(1) Bachelor of Science in a technical field from an accredited college or university.

Or

(2) In lieu of the Bachelor of Science degree, the Senior Electronics Engineer may demonstrate six (6) years of experience in EW systems engineering as stated below, in addition to the required minimum fifteen (15) years of experience.

#### B. Background/Experience.

- Minimum of 15 years experience in EW systems engineering design and development with prototype fabrication in all areas of RF systems design and development, systems integration and configuration for installation in full and sub-scale targets.
- Of the 15 years experience, a minimum of 10 years specialized experience encompassing the following areas:
  - Performance of detailed analysis and design of EW RF systems.
  - Principal design responsibility of component printed circuit boards with experience utilizing electronic design software applications (such as PADs from Mentor Graphics) for PCB design and integration and signal integrity analysis.
  - Demonstrated mechanical, electronic, electric, and RF design experience with expert knowledge of EW/ECM systems including integration in airborne vehicles/pods, ground/sea based systems, and full and sub-scale targets.
  - Evaluating design efforts for validity and troubleshooting.
  - Preparation of performance specifications for new EW RF systems.
  - Communicating with sponsors and vendors for program requirements.
  - Demonstrating responsibility for the system design, development, fabrication, and testing of prototype EW RF systems.
  - Performing testing to document performance of EW/ECM systems, subsystems, and components.
- Of the 15 years experience, a minimum of 5 years specialized experience encompassing the following areas:
  - Supervising and training technicians in testing of EW RF systems.
  - Advising on testing and assisting in operational deployment of EW RF systems.
  - Demonstrate expert knowledge in the general area of EW/ECM RF systems.

### 4. Senior Engineer

#### A. Education.

(1) Bachelor of Science in a technical field from an accredited college or university.

Or

(2) In lieu of the Bachelor of Science degree, the Senior Engineer may demonstrate six (6) years of experience in development and application of EW/ECM systems as stated below, in addition to the required minimum ten (10) years of experience.

#### B. Background/Experience.

----------------------------------	----------------------------	----------------------------------	-------------------	-------

- Minimum of 10 years experience in development and application of EW/ECM systems.
- Of the 10 years experience, a minimum of 5 years specialized experience encompassing the following areas:
  - Knowledge of and experience with existing EW/ECM RF systems and applications and advanced developments.
  - Demonstrated mechanical, electronic, electric, and RF design experience with expert knowledge of EW/ECM systems including integration in airborne vehicles/pods, ground/sea based systems, and full and sub-scale targets.
  - Evaluating design efforts for validity and troubleshooting.
  - Communication with sponsors and vendors for program requirements.
  - Perform testing to document performance of EW/ECM systems, subsystems, and components.
  - Advising on testing and assisting in operational deployment of EW RF systems.
  - Expert knowledge in the general area of EW/ECM RF systems.

### **5. Senior Software Programmer**

#### A. Education.

(1) High School Diploma or Equivalent

#### B. Background/Experience.

- Minimum of 10 years experience in Information Technology and/or Information Systems Management.
- Of the 10 years experience, a minimum of 5 years specialized experience encompassing the following areas:
  - Performing project analysis and software design supporting the development and utilization of customer databases and business applications.
  - Demonstrating responsibility for integrating multiple applications utilizing Microsoft Access as the principal data base software programs.
  - Evaluating information system designs for validity and troubleshooting.
  - Communicating with sponsors and vendors for program requirements.

### **6. Senior Electronics Technician**

#### A. Education.

(1) High School Diploma or Equivalent

#### B. Background/Experience.

- Minimum of 10 years experience in development, buildup and test of EW/ECM systems.
- Of the 10 years experience, a minimum of 5 years specialized experience encompassing the following areas:
  - Supporting depot maintenance, acceptance testing, and deployment support for EW/ECM systems and all associated magnetrons/transmitters.
  - Demonstrating responsibility for configuring EW/ECM systems and target vehicles for specific operational test requirements.
  - Independently performing professional technical support on a variety of systems requiring mechanical and electronic prototyping and fabrication of electronic components and systems.
  - Assisting engineers in the design, development, test and evaluation, and implementation of laboratory and flight-test systems for specialized threat simulation systems. Including the operation of host computers, threat radar and electronic simulators, computer

workstations, and specialized test equipment.

## 7. Material Coordinator

A. Education.

(1) High School Diploma or Equivalent

B. Background/Experience.

- Minimum of 2 years experience as a material coordinator performing material shipping with transfer and receipt responsibilities supporting local and remote operational testing and training systems
- Of the 2 years experience, a minimum of 1 year specialized experience encompassing the following areas:
  - Maintaining accountability records for receivables of EW/ECM systems.
  - Performing shipping and receiving actions for EW/ECM systems
  - Demonstrate responsibility for coordinating the transfer and receipt of all equipment and component repair actions.
  - Demonstrate responsibility for the inventory control of equipment.
  - Performing/coordinating facilities maintenances such as forklift and electric cart maintenance.
  - Performing/coordinating DRMO excess coordination, property management, crate building, HazMat management, and equipment repair and storage.
  - Managing EW/ECM equipment inventory, checking equipment out to engineers and technicians.

## 8. Configuration/Data Management

A. Education.

(1) High School Diploma or Equivalent

B. Background/Experience.

- Minimum of 5 years experience as a hardware contracts manager
- Of the 5 years experience, a minimum of 3 years specialized experience encompassing the following areas:
  - Performing as the principal contact for control of EW/ECM material procurement contracts tracking Contract Data Requirements CDRLs and deliveries.
  - Initiating procurement requests (PR), preparing PRs and Contract Data Requirements Lists (CDRL), verifying specifications, and drawings, and reviewing solicitations and contracts.
  - Maintaining data management and tracking procedures for contract documents and related CDRLs.
  - Maintaining database for tracking of funds obligated and expensed on material contracts.
  - Processing large contract payments, tracking contractual repairs and processing contractual repair payments.

## 9. Program Analyst

A. Education.

(1) High School Diploma or Equivalent

B. Background/Experience.

- Minimum of 5 years experience as a program analyst/procurement specialist.

----------------------------------	----------------------------	----------------------------------	-------------------	-------

- Of the 5 years experience, a minimum of 3 years specialized experience encompassing the following areas:
- Developing and maintaining material budgeting and procurement programs to track financial accounts supporting multiple development project accounts.
- Performing purchasing actions generating procurement requests (PR) and approval forms leading to the initiation of formal Purchase Requests.
- Maintaining program financial status accounts applying material procurements against customer funding sources to track individual projects.

**10. Senior Electronic Design Draftsman**

A. Education.

(1) High School Diploma or Equivalent

B. Background/Experience.

- Minimum of 10 years experience as an electronic design draftsman.
- Of the 10 years experience, a minimum of 5 years specialized experience encompassing the following areas:
- Electronic and mechanical design draftsman and technical illustrator supporting EW/ECM systems with experience developing assembly drawings for printed circuit boards.
- Experience with Pro-E and Inventor electronic design software.
- Demonstrate the development of technical sketches, pictorial representations, illustrated parts breakdown, vendor item drawings, flow charts, and photo conversion artwork.
- Interfacing with engineers to support the development of concepts that fulfill system requirements and systems specifications and standards.

**11. Senior Configuration/Data Management Specialist**

A. Education.

(1) High School Diploma or Equivalent

B. Background/Experience.

- Minimum of 10 years experience in configuration management providing systems engineering support.
- Of the 10 years experience, a minimum of 5 years specialized experience encompassing the following areas:
- Reverse engineer prototype EW/ECM systems and units and performing interface analysis required to develop Technical Data Packages (TDP).
- Producing engineering data, sketches, dimensional and tolerance analysis.
- Reviewing Level II and III drawing packages, evaluating equipment and component availability, and environmental constraints, material requirements and critical manufacturing processes.
- Performing configuration audits on EW/ECM system assets.

- Significant experience in digital photography and the development of freehand and computer generated technical illustrations for presentations, brochures, and technical publications.

For Estimating purposes only, the historical data below is being provided as a guide for preparing future requirements. The contractor is not bound by these historical hours and is encouraged to provide innovative solutions and labor mixes for fulfilling the requirements as stated in the PWS.

### 5252.211-9503 LEVEL OF EFFORT (COST REIMBURSEMENT) (NAVAIR) (OCT 2005)

(a) The level of effort estimated to be ordered during the term of this task order is 376,900 man-hours of direct labor including authorized subcontract labor, if any. The contractor shall not, under any circumstances, exceed one hundred (100%) percent of the total level of effort specified in this basic contract. The estimated composition of the total man-hours of direct labor by classification is as follows:

Labor Category	Hours-Base	Hours-Option	Hours-Option	Hours-Option	Hours-Option

(b) FAR Clause 52.232-20, "Limitation of Cost" applies to fully funded orders and FAR Clause 52.232-22, "Limitation of Funds" applies to incrementally funded orders. Nothing in this clause amends the rights or responsibilities of the parties hereto under either of those two clauses. In addition, the notifications required by this clause are separate and distinct from any specified in either FAR Clause 52.232-20 or FAR Clause 52.232-22.

(c) In the event that less than one hundred (100%) percent of the established level of effort of the basic contract is actually expended by the completion date of the contract (or if said Level of Effort has been previously revised upward, or the fee bearing portion of the additional hours by which the Level of Effort was last increased), the Government shall have the option of:

(1) Requiring the Contractor to continue performance, subject to the provisions of the FAR Clause 52.232-20 or 52.232-22, as applicable, until the effort expended equals 100% of the established Level of Effort; or

(2) Effecting a reduction in the fixed fee by the percentage by which the total expended man-hours is less than one hundred (100%) percent of the established Level of Effort (or the fee bearing portion of the last upward revision).

(d) Completion Form Task Orders.

(1) A level of effort shall be established for each completion form task order. This estimated level of effort is established for the purpose of determining the amount of fixed fee payable on the task order and tracking the ceiling amount of the contract, it is not to be construed as a performance requirement. In the event the task(s) cannot be completed within the estimated cost, the Government will require more effort without increase in fee, if the Government elects to continue, provided the Government increases the estimated cost.

(2) Within thirty days after completion of the work under each completion form task order, the Contractor shall submit the following information directly, in writing, to the ordering officer, with copies to the COR and the Defense Contract Audit Agency office to which vouchers are submitted:

(i) The Contractor's estimate of the total allowable cost incurred under the task order; and

(ii) In the case of a cost under run, the amount by which the estimated cost of the task order may be reduced to recover excess funds.

(e) Term Form Task Orders.

(1) The Contractor shall notify the Procuring Contracting Officer immediately in writing whenever it has reason to believe that:

(i) The level of effort the Contractor expects to incur under any term form order in the next 60 days, when added to the level of effort previously expended in the performance of that order, will exceed seventy-five (75%) percent of the level of effort established for that order; or

(ii) The level of effort required to perform a particular term form order will be greater than the level of effort established for that order.

As part of the notification, the Contractor shall provide the Contracting Officer a revised estimate of the level of effort required to perform the order. As part of the notification, the Contractor also shall submit any proposal for adjustment to the estimated cost

and fixed fee that it deems would be equitable if the Government were to increase the level of effort as proposed by the Contractor. In performing term form task orders, the Contractor may use any combination of hours of the labor categories listed in the task order.

(2) In performing term form task orders, the contractor may use any combination of hours of the labor categories listed in the task order.

(3) Within thirty days after completion of the work under each term form task order, the Contractor shall submit the following information directly, in writing, to the ordering officer, with copies to the COR and the Defense Contract Audit Agency office to which vouchers are submitted:

(i) The total number of man-hours of direct labor, including subcontract labor, expended and a breakdown of this total showing the number of man-hours expended in each direct labor classification listed in the task order schedule, including the identification of the key employees utilized;

(ii) The Contractor's estimate of the total allowable cost incurred under the task order; and

(iii) In the case of a cost under run, the amount by which the estimated cost of the task order may be reduced to recover excess funds.

(4) In the event that less than one hundred (100%) percent of the established level of effort of a term order (or if said level of effort has been previously revised upward, of the fee bearing portion of the additional hours by which the level of effort was last increased) is actually expended by the completion date of the contract, the Government shall have the option of:

(i) Requiring the Contractor to continue performance, subject to the provisions of the "Limitation of Cost" or the "Limitation of Funds" clause, as applicable, until the effort expended equals one hundred (100%) percent of the established Level of Effort (or of the fee-bearing portion of the last upward revision); or

(ii) Effecting a reduction in the fixed fee by the percentage by which the total expended man-hours is less than one hundred (100%) percent of the established Level of Effort (or the fee bearing portion of the last upward revision).

(5) In the event that the expended level of effort of a term order exceeds the established level of effort by ten (10%) percent or less, but does not exceed the estimated cost of the order; the contractor shall be entitled to cost reimbursement for actual hours expended, not to exceed the ceiling cost. The contractor shall not be paid fixed fee, however, on level of effort in excess of one hundred (100%) percent without complying with subsection (e)(1) above. This understanding does not supersede or change subsection (e)(1) above, whereby the contractor and Government may agree on a change to the task order level of effort with an equitable adjustment for both cost and fee.

## **SECTION C DESCRIPTIONS AND SPECIFICATIONS**

*This Statement of Work Addendum does not apply to any line items funded by Foreign Military Sales (FMS).*

The following Statement of Work Addendum is hereby added to the existing Statement of Work and takes precedence over 5252.211-9502:

### **STATEMENT OF WORK ADDENDUM**

(a) Notwithstanding any other provision of this contract, in the event that the Government reduces operations pursuant to a furlough of civilian employees of the Department of Defense a revised normal work week will be established. During the civilian furlough period, unless as otherwise authorized by the contracting officer, the Government Installation Work Schedule will consist of an 8-hour work day Monday through Thursday. Therefore, Friday will not be part of the Government Installation Work Schedule.

(b) The contractor is not required to remain on standby and should take every effort to minimize its overhead costs during the reduction.

(c) At the conclusion of the civilian furlough period, the work schedule will revert to the prior established schedule.

In reference to paragraph (a) above, the contractor is authorized to vary from the Government Installation Work Schedule, such as 4-10 hour days, Monday through Thursday, provided there are no additional costs to the Government. Additional authorization by the PCO is required prior to work being performed on the Government Installation on Fridays.

#### **NAWCWD AIRBORNE THREAT ORGANIZATION SUPPORT (ATSO)**

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. GM03	AMENDMENT/MODIFICATION NO. BP	PAGE 95 of 188	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

## 1.0. BACKGROUND

The Airborne Threat Simulation Organization (ATSO) is responsible for the entire life-cycle management of numerous Radio Frequency (RF) threat simulation systems ranging from electronic attack (EA) systems to emitter (radar) simulator systems. Customers range from Navy, Air Force and Army, to foreign governments and private-party Department of Defense (DOD) contractors. As the Project Reliance service lead for airborne emitters, the ATSO provides emitter and EA systems and life-cycle support to virtually all DOD target systems. In addition, the ATSO provides Fleet (Navy and Air Force) with various airborne and ground based systems for training at various levels. Supported by a close working relationship with the DOD's major intelligence offices, the ATSO develops a flexible and robust line of products that not only simulates the current threat, but is able to project or lead out-year developments in order to provide the war fighter with simulations of 'historic' and new emerging threat systems.

### 1.1. SCOPE

The purpose of this task order is to obtain the required engineering, program and administrative support that will significantly improve and maintain ATSO capabilities as a leader in EA, passive countermeasures, and active emitter systems for the simulation of threats against US forces in a dynamic electronic warfare environment. This includes all of the activities described in paragraph 3.0 associated with the ATSO mission.

Furthermore, due to the complexity and the dynamic nature of the electronic warfare environment, ATSO anticipates that requirements and resulting objectives will change over the life of this order. Therefore, the items covered under this task order must incorporate advances in technology that will allow it to continue to work better and cost less. Throughout the life of this agreement, the ATSO Contractor is encouraged to continuously seek ways to incorporate innovative and emerging technologies that economically and efficiently improves system and mission performance.

## 2.0. APPLICABLE DOCUMENTATION

The documents listed in the following sections are applicable in the performance of this task order.

### 2.1. Specifications, Standards & Handbooks:

MIL-STD-461E	Electromagnetic Interference/Electromagnetic Control
MIL-STD-810,	Environmental Test Methods and Engineering Guidelines (Guidance Only)

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. GM03	AMENDMENT/MODIFICATION NO. BP	PAGE 96 of 188	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

## 2.2. Other Government Documents, Drawings & Publications:

13672-SOW-08-10                      NAWCWD ATSO COMPACFLT                      3/28/08

### Canadian FMS Support

Other detailed documentation (specifications, technical requirements documentation, technical data packages, engineering sketches, software and firmware) will be provided as needed for efforts under this Task Order as the requirements are defined.

## 2.3. Other Documents:

JFTR/JTR	DOD Joint Travel Regulations	2/1/06
NAWCWDINST 4650.1	NAWCWD Travel Policies	6/14/02

## 3. REQUIREMENTS

Day to day operational coordination will be through Contractor participation in the ATSO Weekly Planning meeting and other meetings. The Task Order Manager (TOM) will communicate with the contractor to formally answer technical questions and to give additional technical information or clarification regarding the content of this PWS. The purpose is to further define work and provide information specific to a particular project or design under development.

### 3.1. Development Support:

3.1.1. The Contractor shall participate in weekly Government management planning meetings to develop detailed technical and documentation requirements.

3.1.2. The Contractor shall design, develop and prototype capabilities as well as perform modifications to advanced threat simulation systems and tactical support systems to meet the performance requirements. The design development tasking is driven by customer and programmatic needs due to changes in the threats, revisions to program requirements, or identification of fleet training requirements. These developments shall encompass the complete systems capability including hardware, firmware and software. These capabilities shall include, but not be limited to: airborne pods, amplifiers, antennas, electronic attack modules, filters, magnetrons, positioning systems, rotary joints, surface and seaborne enclosures, threat emitter modules, towed decoy systems, transmission lines, transmitters, and waveguides, as well as new technologies associated with the electromagnetic threat to US weapons systems.

----------------------------------	----------------------------	----------------------------------	-------------------	-------

3.1.3. The Contractor shall (a) develop performance evaluation reports, pre-production drawing packages, technical manuals, checkout procedures, performance specifications and other documents in accordance with (IAW) the joint Government and Contractor planning meetings; (b) validate the performance evaluation reports, pre-production drawing packages, technical manuals, checkout procedures, performance specifications and other documents as needed IAW the joint Government and Contractor planning meetings.

3.1.4. The Contractor shall develop prototype units for each capability that will demonstrate producibility and pre-production data package accuracy.

3.1.5. The Contractor shall verify that all maintenance data reflects the new configuration.

3.1.6. The Contractor shall develop, acquire, and calibrate any test or measurement equipment or facilities necessary to meet or validate the requirements of paragraphs 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 3.7, 3.9, 3.10, 3.11, and 3.12 herein.

3.1.7. The Contractor shall create pre-production quantities of these new or modified capabilities.

3.1.8. The Contractor shall strive to continuously seek ways to incorporate innovative and emerging technologies that in the most economic and efficient manner improves system and mission performance.

3.1.9. The Contractor shall conduct quarterly Design Reviews and Critical Design Reviews (CDR) with Government participation on all development and prototype efforts listed herein. The CDR will allow the Government to formally review and approve any final design. The CDR will be conducted when the design is essentially 95% complete. The purpose of the CDR is to:

- Determine that the detailed design of the product items satisfies the performance and requirements of the hardware specifications or Technical Requirements Document (TRD).
- Review the hardware specifications and engineering drawings.
- Assess the detail design compatibility between the configuration item and other items of equipment, facilities, software and personnel.
- Assess configuration item risk areas on a technical, performance, cost and schedule basis.

### 3.2. Production/Procurement Support:

3.2.1. The Contractor shall provide support for ATSO acquisition of threat simulation and tactical support hardware. This support shall include, but not be limited to the production and amendment of technical documentation (performance specifications, technical requirements documents, and technical data packages), Contract Data Requirement Listings (CDRLs), Statements of Work, and any other documentation required for the acquisition of these assets. Note: the Contractor shall not be involved in any acquisition strategy documentation (source

selection plans and proposal evaluations) or other aspects of the individual procurements as directed by the cognizant Procuring Contracting Officer (PCO).

3.2.2. The Contractor shall improve, modify, and utilize an ATSO procurement tracking system, which tracks all ATSO acquisitions from customer request to delivery. This system shall identify any and all “stalled” acquisitions for ATSO management intervention.

3.2.3. The Contractor shall provide supply support to implement, document and process ATSO acquisitions. All acquisitions will require ATSO management approval prior to the obligation of funding. This effort will require access to the Navy Enterprise Resource Planning system.

3.2.4. The Contractor shall implement a simple method of identifying and specifying hardware routinely required by the ATSO such as RF cables and metal work. This method shall identify all applicable technical requirements. In addition, the Contractor shall survey industry for compliance with these requirements and obtain cost comparison data to establish an approved vendor, based on compliance and cost. The contractor shall maintain the approved vendor list which shall be updated on at least an annual basis.

3.2.5. The Contractor shall, with PCO approval, build and or acquire specific threat simulation hardware in limited quantities, and where technical documentation may be insufficient.

### 3.3. Maintenance Support

3.3.1. The Contractor shall perform maintenance support for ATSO and Sponsor inventory. This support shall be defined on an ATSO Repair Form for each maintenance action and shall include the maintenance, troubleshooting and repair of threat simulator and support systems, modules, components and hardware.

3.3.2. The Contractor shall track the repairs of all non ready for issue (NRFI) hardware returned to the original equipment manufacturer (OEM) for repair.

3.3.3. The Contractor shall maintain a repair inventory tracking system that shall ensure that the status of all NRFI hardware is continuously tracked, failures and corrective actions are documented, and shall identify any delays in repairs for ATSO management action. Maintenance support shall also include the shipping to and from OEM facilities in support of maintenance and modification actions.

3.3.4. The Contractor shall improve, update, and utilize the repair tracking system.

### 3.4. System Test Support

3.4.1. The Contractor shall conduct testing on the systems and capabilities developed or acquired under this task order in addition to systems and capabilities acquired through other means.

3.4.2. Deleted

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. GM03	AMENDMENT/MODIFICATION NO. BP	PAGE 99 of 188	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

3.4.3. The Contractor shall develop the required test documentation (plans, procedures, data sheets), and shall produce and deliver comprehensive test documentation and performance evaluation reports.

### 3.5 Integration Support

3.5.1. The Contractor shall integrate ATSO threat simulation capabilities into a multitude of platform configurations and systems. Platforms shall include aircraft, seaborne vehicles, ground vehicles and fixed installations.

3.5.2. The Contractor shall possess detailed knowledge and experience in the integration of threat simulation systems into and on to aircraft, including military, commercial, general aviation, unmanned aerial targets and unmanned air vehicles (UAVs).

3.5.3. The Contractor shall provide expertise in all areas involved with this aircraft integration including but not limited to the physical carriage, wiring, flight certification (both military and civilian) and operation.

3.5.4. The Contractor shall design, develop and acquire any hardware and or material required to integrate these systems.

### 3.6 Threat Research Support

3.6.1 The Contractor shall research and analyze all historic and emerging real world foreign and domestic threats. The Contractor shall evaluate the information gained and provide the Government a listing of legitimate threat systems. The Contractor shall prioritize this list based on projected vulnerabilities to existing US systems. In response to this research, the Contractor may be tasked by the Government to design, develop, prototype and produce pre-production quantities of these new threat simulation systems in accordance with paragraph 3.1.

3.6.2 The Contractor shall develop threat libraries for ATSO supported systems to meet the requirements for test and evaluation or operator training. The contractor shall update the library prior to each test/training mission for ATSO supported systems in order to provide the appropriate threat environment to the test/training customer.

3.6.3. The Contractor shall research, analyze and document potential vulnerabilities in the electromagnetic spectrum to the interconnection of US weapon systems commonly referred to as Network Centric Warfare (NCW). In response to this research, the Contractor may be tasked by the Government to design, develop, prototype and document new threat simulation systems that could affect the NCW concept. The Contractor may be tasked to produce pre-production quantities of these new systems.

### 3.7. Operational Support

3.7.1. The Contractor shall provide operational support for all ATSO assets and support missions which will entail Fleet exercises, both developmental and operational test and evaluation

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. GM03	AMENDMENT/MODIFICATION NO. BP	PAGE 100 of 188	FINAL

events and special missions. This support shall include the planning for major exercises and test evaluation events as well as the real-time mission support. Support for these exercises, events and missions shall involve shipping and or transport of the required systems and hardware to and from the required locations and system maintenance and all other normal activities that will include, but not be limited to:

- Pre-Build-up
- Pre-Check out
- Load/check out
- Real time support
- Post-Download
- Post-Checkout
- Submission of Operational / Trip Reports
- Engineering Investigations if required

Operational support will be required at NAWC-WD and other locations based on warfighter and weapons systems program requirements.

3.7.2 The Contractor shall perform, document and provide reports on the effects of threat simulators and subsystems on specific weapons systems be they US or foreign.

### 3.7.3 RDT&E Flight Approval for NAVAIR Personnel

Supervisors and individuals contemplating flight onboard a flight test aircraft must weigh the desired benefits versus the potential risks. Safe flight is paramount to all aircraft, but flight test and test support activity is very different from commercial airborne transportation. First level supervisors or Contracting Officer's Representative (COR), for contract employees, should discuss potential flight test risks with prospective participants. Personnel may also consider discussing the decision to fly with family members and reviewing any life insurance policy for coverage for flying in military aircraft, or any aircraft, during training or test missions. For NAVAIR government civilians, the employee's position description (or equivalent) must include the possibility of flight. Contractor personnel must have similar language in their contract statement of work that provides for participation in flight. An example of potential verbiage is presented below; however, the exact phrasing should be tailored as appropriate by the supervisor.

The incumbent may also be required to spend time in work environments that are potentially dangerous or hazardous. Under these conditions the incumbent may be required to work on test

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. GM03	AMENDMENT/MODIFICATION NO. BP	PAGE 101 of 188	FINAL

aircraft and on airfield parking ramps and runways in close proximity to aircraft. At the discretion of the incumbent, and if the incumbent meets all of the requirements of NAVAIRINST 3710.8E, the incumbent may fly as a qualified technical observer in test/support aircraft for the purposes of training and/or conducting in-flight evaluations.

### 3.8. Acquisition Logistics Support

3.8.1. The Contractor shall provide total life cycle acquisition support for ATSO systems. This support shall include, but not be limited to, the development of Maintenance Plans, NATEC approved operator and maintenance manuals, loading checklists.

3.8.2. The Contractor shall establish a Diminishing Manufacturing Sources and Material Shortages (DMSMS) program. The program shall address the identification of critical items and/or technologies, emerging technology, and shall integrate the forecast of DMSMS into technology refresh planning. The program shall forecast obsolescence and product timelines and shall recognize the product, supplier base, contract period and life cycle. The Contractor shall provide an on-going review of the parts lists and bill of materials to identify obsolescence/discontinuance issues. The Contractor shall identify any problems to the Government and provide an estimated design upgrade cost proposal that will itemize the costs associated with the upgrade. The Government will evaluate the proposal and determine whether to accept or reject the proposed design upgrades.

3.8.3. The Contractor shall maintain, modify, and utilize an ATSO inventory tracking system with Government oversight and review that will provide a real-time picture of all ATSO assets. This inventory tracking system shall track ATSO assets from entry into the ATSO acquisition pipeline, through delivery and operational service, and finally, to expenditure. This inventory shall include all ATSO assets regardless of their location, but shall not include hardware delivered to customers.

### 3.9. Configuration / Data Management Support

3.9.1. The Contractor shall perform configuration management of all ATSO technical data to include but not be limited to performance specifications and technical requirements documentation, statements of work, technical data packages and software.

3.9.2. The Contractor shall manage the ATSO library of all technical documentation and hardware procurement actions.

3.9.3. The Contractor shall manage all Engineering Change Proposal (ECP), Deviations and Waivers for ATSO management action.

3.9.4. The Contractor shall track and maintain a library of all technical data packages and software development and documentation.

### 3.10. Canadian FMS Case Support:

----------------------------------	----------------------------	----------------------------------	--------------------	-------

3.10.1. The Contractor shall provide all required support for the ATSO administration of the foreign military sales (FMS) cases between the Commander Pacific Fleet (COMPACFLT) and the Canadian Defense Force (CDF) as described in the statement of work 13672-SOW-08-10 referenced in 2.2.

### 3.11. Laboratory / Support Facility Support

3.11.1. In support of ATSO support efforts, the Contractor shall identify, develop, and or equip laboratory and field support facilities. All support shall require Government approval prior to execution.

### 3.12. Facilities Support

3.12.1. The Contractor shall provide maintenance support for ATSO / NAWCWD facilities and assets. This support shall include the servicing and repair of ATSO infrastructure including but not limited to laboratories, cranes, forklifts and flight line carts. This support shall also include the acquisition, maintenance and repair of ATSO meeting facilities including audio/visual presentation and video teleconference capabilities.

3.12.2. The Contractor shall acquire, set up, modify and tear down presentation displays throughout NAWCWD and other sites. This effort may require shipping the displays to remote locations as well as travel for support personnel.

### 3.13. Management Support

3.13.1. The Contractor shall provide the ATSO with program and management support services as listed herein:

3.13.1.1. The Contractor shall perform and support program studies and analyses, workshop conferences and meetings, option papers, program planning.

3.13.1.2. The Contractor shall document reviews, preparation of presentations and marketing materials, and risk assessments.

3.13.1.3. The Contractor shall prepare presentation materials from rough draft source data that will be reviewed by the Government. Upon approval, the Contractor shall produce the final presentation materials in hardcopy, viewgraph or electronic media format.

3.13.1.4. The Contractor shall attend Government meetings when scheduled. The Contractor shall research and provide data or prepare reports in preparation for meetings. The Contractor shall provide minutes of all meetings to include all relevant information including items and issues discussed, action taken and action item status. The Government will provide the Contractor with the meeting schedule.

3.13.1.5. The Contractor shall support the Government in the planning and execution of major conferences. This assistance shall include but not be limited to:

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. GM03	AMENDMENT/MODIFICATION NO. BP	PAGE 103 of 188	FINAL

- The acquisition and setup of facilities.
- The acquisition, setup and operation of presentation systems.
- Security processing and management.

3.13.1.6. The Contractor shall develop and produce displays.

3.13.1.7. The Contractor shall integrate multiple ATSO tracking systems into a single interrelated system.

#### 3.14. Threat / Target Systems Department Support

3.14.1. The Contractor shall provide dedicated support for the Threat Targets Systems Department.

3.14.2. The Contractor shall possess a technical background and have a working knowledge of the military environment. Specific support shall include, but not be limited to:

3.14.2.1. Support for Continuous Process Improvement (CPI) studies as well as design and track Department metrics.

3.14.2.2. Identify, develop, and document methods of communicating various 5.3 messages to Senior NAVAIR leadership and the workforce.

## SECTION G CONTRACT ADMINISTRATION DATA

### 5252.232-9510 PAYMENT OF FIXED FEE (NAVAIR) (OCT 2005)

(a) The fixed fee, as specified in Section B of this contract, subject to any adjustment required by other provisions of this contract, will be paid in installments. The fixed fee will be paid not more frequently than once every two weeks based on the allowable cost. The amount of each such installment shall be determined by multiplying the number of hours incurred times the fixed fee hourly rate for Satisfactory performance. The fixed fee hourly rate for Satisfactory performance is \$[TBD] per direct labor hours.

(b) Evaluation of the contractor's performance will be made in accordance with the Quality Assurance Surveillance Plan (QASP). In the event that the contractor's performance is determined to be Marginal or Unsatisfactory, excess payments previously made on account of fee during the evaluation period shall be repaid by the contractor. The fixed fee hourly rate for Marginal performance is \$[TBD]. Unsatisfactory performance shall earn no fixed fee.

(c) The contractor shall submit written notification to the Contracting Officer at the conclusion of each evaluation period. Notification may coincide with the end of the contractor's nearest accounting period. Notification shall include a one-page self-assessment and the number of hours incurred during the evaluation period.

(d) Payment shall be made in accordance with FAR Clauses 52.216-7, "Allowable Cost and Payment", and 52.216-8, "Fixed Fee".

(e) Fixed fee related to any hours from the base period that are rolled over into the option, if exercised, shall be combined with the fixed fee for the option to determine a new fixed fee hourly rate.

(f) In the event of termination of the work in accordance with the FAR Clause 52.232-22, "Limitation of Funds", the fixed fee shall be redetermined by mutual agreement equitably to reflect the reduction of the work performed. The amount by which such fixed fee is less than or exceeds payments previously made on account of fee, shall be paid to (or repaid by) the contractor.

(g) The balance of the fixed fee shall be payable in accordance with other clauses of this contract.

(h) For indefinite delivery type contracts the terms of this clause apply to each delivery/task order there under.

Note: The fixed fee hourly rate will be updated upon exercising the option periods.

### 5252.232-9513 INVOICING AND PAYMENT (WAWF) INSTRUCTIONS (MAR 2008)

(a) Invoices for goods received or services rendered under this contract shall be submitted electronically through Wide Area Work Flow -- Receipt and Acceptance (WAWF):

(1) The vendor shall have their cage code activated by calling 866-618-5988. Once activated, the vendor shall self-register at the web site <https://wawf.eb.mil>. Vendor training is available on the Internet at <http://www.wawftraining.com>. Additional support can be obtained by calling the NAVY WAWF Assistance Line: 1-800-559-WAWF (9293).

(2) WAWF Vendor "Quick Reference" Guides are located at the following web site: <http://www.acquisition.navy.mil/navyaos/content/view/full/3521>.

(3) Select the invoice type within WAWF as specified below. Back up documentation (such as timesheets, etc.) can be included and attached to the invoice in WAWF. Attachments created in any Microsoft Office product are attachable to the invoice in WAWF. Total limit for the size of files per invoice is 5 megabytes.

### 5252.209-9510 ORGANIZATIONAL CONFLICTS OF INTEREST (NAVAIR) (SERVICES)(MAR 2007)

(a) Purpose. This clause seeks to ensure that the contractor (1) does not obtain an unfair competitive advantage over other parties by virtue of its performance of this contract, and (2) is not biased because of its current or planned interests (financial, contractual, organizational or otherwise) that relate to the work under this contract.

(b) Scope. The restrictions described herein shall apply to performance or participation by the contractor (as defined in paragraph (d)(7)) in the activities covered by this clause.

(1) The restrictions set forth in paragraph (e) apply to supplies, services, and other performance rendered with respect to the suppliers and/or equipment listed in Attachment [insert attachment number]. [insert either "Task orders issued under the contract" or "The contract"] will specify to which suppliers and/or equipment subparagraph (f) restrictions apply.

(2) The financial, contractual, organizational and other interests of contractor personnel performing work under this contract shall be deemed to be the interests of the contractor for the purposes of determining the existence of an Organizational Conflict of Interest. Any subcontractor that performs any work relative to this contract shall be subject to this clause. The contractor agrees to place in each subcontract affected by these provisions the necessary language contained in this clause.

(c) Waiver. Any request for waiver of the provisions of this clause shall be submitted in writing to the Procuring Contracting Officer. The request for waiver shall set forth all relevant factors including proposed contractual safeguards or job procedures to mitigate conflicting roles that might produce an Organizational Conflict of Interest. No waiver shall be granted by the Government with respect to prohibitions pursuant to access to proprietary data.

(d) Definitions. For purposes of application of this clause only, the following definitions are applicable:

(1) "System" includes system, major component, subassembly or subsystem, project, or item.

(2) "Nondevelopmental items" as defined in FAR 2.101.

(3) "Systems Engineering" (SE) includes, but is not limited to, the activities in FAR 9.505-1(b).

(4) "Technical direction" (TD) includes, but is not limited to, the activities in FAR 9.505-1(b).

(5) "Advisory and Assistance Services" (AAS) as defined in FAR 2.101.

(6) "Consultant services" as defined in FAR 31.205-33(a).

(7) "Contractor", for the purposes of this clause, means the firm signing this contract, its subsidiaries and affiliates, joint ventures involving the firm, any entity with which the firm may hereafter merge or affiliate, and any other successor or assignee of the firm.

(8) "Affiliates," means officers or employees of the prime contractor and first tier subcontractors involved in the program and technical decision-making process concerning this contract.

(9) "Interest" means organizational or financial interest.

(10) "Weapons system supplier" means any prime contractor or first tier subcontractor engaged in, or having a known prospective interest in the development, production or analysis of any of the weapon systems, as well as any major component or subassembly of such system.

(e) Contracting restrictions.

[ ] (1) To the extent the contractor provides systems engineering and/or technical direction for a system or commodity but does not have overall contractual responsibility for the development, the integration, assembly and checkout (IAC) or the production of the system, the contractor shall not (i) be awarded a contract to supply the system or any of its major components or (ii) be a subcontractor or consultant to a supplier of the system or of its

major components. The contractor agrees that it will not supply to the Department of Defense (either as a prime contractor or as a subcontractor) or act as consultant to a supplier of, any system, subsystem, or major component utilized for or in connection with any item or other matter that is (directly or indirectly) the subject of the systems engineering and/or technical direction or other services performed under this contract for a period of [insert the period of prohibition] after the date of completion of the contract. (FAR 9.505-1(a))

(2) To the extent the contractor prepares and furnishes complete specifications covering nondevelopmental items to be used in a competitive acquisition, the contractor shall not be allowed to furnish these items either as a prime contractor or subcontractor. This rule applies to the initial production contract, for such items plus a specified time period or event. The contractor agrees to prepare complete specifications covering non-developmental items to be used in competitive acquisitions, and the contractor agrees not to be a supplier to the Department of Defense, subcontract supplier, or a consultant to a supplier of any system or subsystem for which complete specifications were prepared hereunder. The prohibition relative to being a supplier, a subcontract supplier, or a consultant to a supplier of these systems of their subsystems extends for a period of [insert the period of prohibition] after the terms of this contract. (FAR 9.505-2(a)(1))

(3) To the extent the contractor prepares or assists in preparing a statement of work to be used in competitively acquiring a system or services or provides material leading directly, predictably and without delay to such a work statement, the contractor may not supply the system, major components thereof or the services unless the contractor is the sole source, or a participant in the design or development work, or more than one contractor has been involved in preparation of the work statement. The contractor agrees to prepare, support the preparation of or provide material leading directly, predictably and without delay to a work statement to be used in competitive acquisitions, and the contractor agrees not to be a supplier or consultant to a supplier of any services, systems or subsystems for which the contractor participated in preparing the work statement. The prohibition relative to being a supplier, a subcontract supplier, or a consultant to a supplier of any services, systems or subsystems extends for a period of [insert the period of prohibition] after the terms of this contract. (FAR 9.505-2(b)(1))

(4) To the extent work to be performed under this contract requires evaluation of offers for products or services, a contract will not be awarded to a contractor that will evaluate its own offers for products or services, or those of a competitor, without proper safeguards to ensure objectivity to protect the Government's interests. Contractor agrees to the terms and conditions set forth in the Statement of Work that are established to ensure objectivity to protect the Government's interests. (FAR 9.505-3)

(5) To the extent work to be performed under this contract requires access to proprietary data of other companies, the contractor must enter into agreements with such other companies which set forth procedures deemed adequate by those companies (i) to protect such data from unauthorized use or disclosure so long as it remains proprietary and (ii) to refrain from using the information for any other purpose other than that for which it was furnished. Evidence of such agreement(s) must be made available to the Procuring Contracting Officer upon request. The contractor shall restrict access to proprietary information to the minimum number of employees necessary for performance of this contract. Further, the contractor agrees that it will not utilize proprietary data obtained from such other companies in preparing proposals (solicited or unsolicited) to perform additional services or studies for the United States Government. The contractor agrees to execute agreements with companies furnishing proprietary data in connection with work performed under this contract, obligating the contractor to protect such data from unauthorized use or disclosure so long as such data remains proprietary, and to furnish copies of such agreement to the Contracting Officer. Contractor further agrees that such proprietary data shall not be used in performing for the Department of Defense additional work in the same field as work performed under this contract if such additional work is procured competitively. (FAR 9.505)

(6) Preparation of Statements of Work or Specifications. If the contractor under this contract assists substantially in the preparation of a statement of work or specifications, the contractor shall be ineligible to perform or participate in any capacity in any contractual effort (solicited or unsolicited) that is based on such statement of work or specifications. The contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the Contracting Officer, in which case the restrictions in this subparagraph shall not apply. Contractor agrees that it will not supply to the Department of Defense (either as a prime contractor or as a subcontractor) or act as consultant to a supplier of, any system, subsystem or major component utilized for or in connection with any item or work statement prepared or other services performed or materials delivered under this contract, and is procured on a competitive basis, by the Department of Defense with [insert the period of prohibition] after completion of work under this contract. The provisions of this clause shall not apply to any system, subsystem, or major component for which the contractor is the sole source of supply or which

it participated in designing or developing. (FAR 9.505-4(b))

[ ] (7) Advisory and Assistance Services (AAS). If the contractor provides AAS services as defined in paragraph (d) of this clause, it shall be ineligible thereafter to participate in any capacity in Government contractual efforts (solicited or unsolicited) which stem directly from such work, and the contractor agrees not to perform similar work for prospective offerors with respect to any such contractual efforts. Furthermore, unless so directed in writing by the Contracting Officer, the contractor shall not perform any such work under this contract on any of its products or services, or the products or services of another firm for which the contractor performs similar work. Nothing in this subparagraph shall preclude the contractor from competing for follow-on contracts for AAS.

(f) Remedies. In the event the contractor fails to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the provisions of this contract. If such noncompliance is the result of conflicting financial interest involving contractor personnel performing work under this contract, the Government may require the contractor to remove such personnel from performance of work under this contract. Further, the Government may elect to exercise its right to terminate for default in the event of such noncompliance. Nothing herein shall prevent the Government from electing any other appropriate remedies afforded by other provisions of this contract, or statute or regulation.

(g) Disclosure of Potential Conflicts of Interest. The contractor recognizes that during the term of this contract, conditions may change which may give rise to the appearance of a new conflict of interest. In such an event, the contractor shall disclose to the Government information concerning the new conflict of interest. The contractor shall provide, as a minimum, the following information:

- (1) a description of the new conflict of interest (e.g., additional weapons systems supplier(s), corporate restructuring, new first-tier subcontractor(s), new contract) and identity of parties involved;
- (2) a description of the work to be performed;
- (3) the dollar amount;
- (4) the period of performance; and
- (5) a description of the contractor's internal controls and planned actions, to avoid any potential organizational conflict of interest.

**5252.237-9501 ADDITION OR SUBSTITUTION OF KEY PERSONNEL (SERVICES) (NAVAIR)(OCT 2005)**

(a) A requirement of this contract is to maintain stability of personnel proposed in order to provide quality services. The contractor agrees to assign only those key personnel whose resumes were submitted and approved, and who are necessary to fulfill the requirements of the effort. The contractor agrees to assign to any effort requiring non-key personnel only personnel who meet or exceed the applicable labor category descriptions. No substitution or addition of personnel shall be made except in accordance with this clause.

(b) If personnel for whatever reason become unavailable for work under the contract for a continuous period exceeding thirty (30) working days, or are expected to devote substantially less effort to the work than indicated in the proposal, the contractor shall propose a substitution to such personnel, in accordance with paragraph (d) below.

(c) The contractor agrees that during the first 12 months of the contract, no key personnel substitutions or additions will be made unless necessitated by compelling reasons including, but not limited to: an individual's illness, death, termination of employment, declining an offer of employment (for those individuals proposed as contingent hires), or family friendly leave. In such an event, the contractor must promptly provide the information required by paragraph (d) below to the Contracting Officer for approval prior to the substitution or addition of key personnel.

(d) All proposed substitutions shall be submitted, in writing, to the Contracting Officer at least fifteen (15) days (thirty (30) days if a security clearance must be obtained) prior to the proposed substitution. Each request shall provide a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, information regarding the full financial impact of the change, and any other information required by the Contracting Officer to approve or disapprove the proposed substitution. All proposed substitutes (no

----------------------------------	----------------------------	----------------------------------	--------------------	-------

matter when they are proposed during the performance period) shall have qualifications that are equal to or higher than the qualifications of the person being replaced.

(e) In the event a requirement to increase the specified level of effort for a designated labor category, but not the overall level of effort of the contract occurs, the offeror shall submit to the Contracting Officer a written request for approval to add personnel to the designated labor category. The information required is the same as that required in paragraph (d) above. The additional personnel shall have qualifications greater than or equal to at least one (1) of the individuals proposed for the designated labor category.

(f) The Contracting Officer shall evaluate requests for substitution and addition of personnel and promptly notify the offeror, in writing, of whether the request is approved or disapproved.

(g) If the Contracting Officer determines that suitable and timely replacement of personnel who have been reassigned, terminated or have otherwise become unavailable to perform under the contract is not reasonably forthcoming or that the resultant reduction of productive effort would impair the successful completion of the contract or the task order, the contract may be terminated by the Contracting Officer for default or for the convenience of the Government, as appropriate. Alternatively, at the Contracting Officer's discretion, if the Contracting Officer finds the contractor to be at fault for the condition, he may equitably adjust (downward) the contract price or fixed fee to compensate the Government for any delay, loss or damage as a result of the contractor's action.

(h) Noncompliance with the provisions of this clause will be considered a material breach of the terms and conditions of the contract for which the Government may seek any and all appropriate remedies including Termination for Default pursuant to FAR Clause 52.249-6, Alt IV, "Termination (Cost-Reimbursement)".

**5252.232-9509 REIMBURSEMENT OF TRAVEL, PER DIEM, AND SPECIAL MATERIAL COSTS (NAVAIR) (OCT 2006)**

(a) Area of Travel. Performance under this contract may require travel by contractor personnel. If travel, domestic or overseas, is required, the contractor is responsible for making all necessary arrangements for its personnel. These include but are not limited to: medical examinations, immunizations, passports/visas/etc., and security clearances. All contractor personnel required to perform work on any U.S. Navy vessel shall obtain boarding authorization from the Commanding Officer of the vessel before boarding.

(b) Travel Policy. The Government will reimburse the contractor for allowable travel costs incurred by the contractor in performance of the contract in accordance with FAR Subpart 31.2. Travel required for tasks assigned under this contract shall be governed in accordance with: Federal Travel Regulations, prescribed by the General Services Administration for travel in the conterminous 48 United States, (hereinafter the FTR); Joint Travel Regulation, Volume 2, DoD Civilian Personnel, Appendix A, prescribed by the Department of Defense, for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States (hereinafter JTR); and Standardized Regulations (Government Civilians, Foreign Areas), Section 925, "Maximum Travel Per Diem Allowances for Foreign Areas," prescribed by the Department of State, for travel in areas not covered in the FTR or JTR (hereinafter the SR).

(c) Travel. Travel and subsistence are authorized for travel beyond a fifty-mile radius of the contractor's office whenever a task assignment requires work to be accomplished at a temporary alternate worksite. No travel or subsistence shall be charged for work performed within a fifty-mile radius of the contractor's office. The contractor shall not be paid for travel or subsistence for contractor personnel who reside in the metropolitan area in which the tasks are being performed. Travel performed for personal convenience, in conjunction with personal recreation, or daily travel to and from work at the contractor's facility will not be reimbursed.

(1) For travel costs other than described in paragraph (c) above, the contractor shall be paid on the basis of actual amount paid to the extent that such travel is necessary for the performance of services under the contract and is authorized by the COR in writing.

(2) When transportation by privately owned conveyance is authorized, the contractor shall be paid on a mileage basis not to exceed the applicable Government transportation rate as contained in the FTR, JTR or SR. Authorization for the use of privately owned conveyance shall be indicated in the basic contract. Distances traveled between points shall be shown on invoices as listed in standard highway mileage guides. Reimbursement will not exceed the mileage shown in the standard highway mileage guides.

----------------------------------	----------------------------	----------------------------------	--------------------	-------

(3) The contractor agrees, in the performance of necessary travel, to use the lowest cost mode commensurate with the requirements of the mission as set forth in the basic contract and in accordance with good traffic management principles. When it is necessary to use air or rail travel, the contractor agrees to use coach, tourist class, or similar accommodations to the extent consistent with the successful and economical accomplishment of the mission for which the travel is being performed.

(4) The contractor's invoices shall include receipts or other evidence substantiating actual costs incurred for authorized travel. In no event will such payments exceed the rates of common carriers.

(d) Vehicle and/or Truck Rentals. The contractor shall be reimbursed for actual rental/lease of special vehicles and/or trucks (i.e., of a type not normally used by the contractor in the conduct of its business) only if authorized in the basic contract or upon approval by the COR. Reimbursement of such rental shall be made based on actual amounts paid by the contractor. Use of rental/lease costs of vehicles and/or trucks that are of a type normally used by the contractor in the conduct of its business are not subject to reimbursement.

(e) Car Rental. The contractor shall be reimbursed for car rental, exclusive of mileage charges, as authorized in the basic contract or upon approval by the COR, when the services are required to be performed beyond the normal commuting distance from the contractor's facilities. Car rental for a team on TDY at one site will be allowed for a minimum of four (4) persons per car, provided that such number or greater comprise the TDY team.

(f) Per Diem. The contractor shall not be paid for per diem for contractor personnel who reside in the metropolitan areas in which the tasks are being performed. Per Diem shall not be paid on services performed within a fifty-mile radius of the contractor's home office or the contractor's local office. Per Diem is authorized for contractor personnel beyond a fifty-mile radius of the contractor's home or local offices whenever a task assigned requires work to be done at a temporary alternate worksite. Per Diem shall be paid to the contractor only to the extent that overnight stay is necessary and authorized under this contract. The authorized per diem rate shall be the same as the prevailing per diem in the worksite locality. These rates will be based on rates contained in the FTR, JTR or SR. The applicable rate is authorized at a flat seventy-five (75%) percent on the day of departure from contractor's home or local office, and on the day of return. Reimbursement to the contractor for per diem shall be limited to actual payments to per diem defined herein. The contractor shall provide actual payments of per diem defined herein. The contractor shall provide supporting documentation for per diem expenses as evidence of actual payment.

(g) Shipboard Stays. Whenever work assignments require temporary duty aboard a Government ship, the contractor will be reimbursed at the per diem rates identified in paragraph C8101.2C or C81181.3B(6) of the Department of Defense Joint Travel Regulations, Volume II.

(h) Special Material. "Special material" includes only the costs of material, supplies, or services which is peculiar to the ordered data and which is not suitable for use in the course of the contractor's normal business. It shall be furnished pursuant to specific authorization approved by the COR. The contractor will be required to support all material costs claimed by its costs less any applicable discounts. "Special materials" include, but are not limited to, graphic reproduction expenses, or technical illustrative or design requirements needing special processing.

**5252.211-9502 GOVERNMENT INSTALLATION WORK SCHEDULE (NAVAIR)(OCT 2005) - ALT I (OCT 2005)**

(a) The Holidays applicable to this contract are: New Year's Day, Martin Luther King's Birthday, President's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day.

(b) In the event that the contractor is prevented from performance as the result of an Executive Order or an administrative leave determination that applies to the using activity, such time may be charged to the contract as a direct cost provided such charges are consistent with the contractor's accounting practices. In the event that any of the above holidays occur on a Saturday or Sunday, or Compressed Work Schedule Alternate Friday, then such holiday shall be observed as they are by the assigned Government employees at the using activity.

(c) The Naval Air Warfare Center Weapons Division works a 4/5/9 work schedule. Therefore alternate Fridays are

## SECTION I CONTRACT CLAUSES

52.222-41 Service Contract Act (1965)

### **252.227-7025 LIMITATIONS ON THE USE OR DISCLOSURE OF GOVERNMENT-FURNISHED INFORMATION MARKED WITH RESTRICTIVE LEGENDS (JUN 1995)**

(a)(1) For contracts requiring the delivery of technical data, the terms "limited rights" and "Government purpose rights" are defined in the Rights in Technical Data--Noncommercial Items clause of this contract.

(2) For contracts that do not require the delivery of technical data, the terms "government purpose rights" and "restricted rights" are defined in the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause of this contract.

(3) For Small Business Innovative Research program contracts, the terms "limited rights" and "restricted rights" are defined in the Rights in Noncommercial Technical Data and Computer Software--Small Business Innovative Research (SBIR) Program clause of this contract.

(b) Technical data or computer software provided to the Contractor as Government furnished information (GFI) under this contract may be subject to restrictions on use, modification, reproduction, release, performance, display, or further disclosure.

(1) GFI marked with limited or restricted rights legends. The Contractor shall use, modify, reproduce, perform, or display technical data received from the Government with limited rights legends or computer software received with restricted rights legends only in the performance of this contract. The Contractor shall not, without the express written permission of the party whose name appears in the legend, release or disclose such data or software to any person.

(2) GFI marked with government purpose rights legends. The Contractor shall use technical data or computer software received from the Government with government purpose rights legends for government purposes only. The Contractor shall not, without the express written permission of the party whose name appears in the restrictive legend, use, modify, reproduce, release, perform, or display such data or software for any commercial purpose or disclose such data or software to a person other than its subcontractors, suppliers, or prospective subcontractors or suppliers, who require the data or software to submit offers for, or perform, contracts under this contract. Prior to disclosing the data or software, the Contractor shall require the persons to whom disclosure will be made to complete and sign the non-disclosure agreement at 227.7103-7 of the Defense Federal Acquisition Regulation Supplement (DFARS).

(3) GFI marked with specially negotiated license rights legends. The Contractor shall use, modify, reproduce, release, perform, or display technical data or computer software received from the Government with specially negotiated license legends only as permitted in the license. Such data or software may not be released or disclosed to other persons unless permitted by the license and, prior to release or disclosure, the intended recipient has completed the non-disclosure agreement at DFARS 227.7103-7. The Contractor shall modify paragraph (1)(c) of the non-disclosure agreement to reflect the recipient's obligations regarding use, modification, reproduction, release, performance, display, and disclosure of the data or software.

(c) Indemnification and creation of third party beneficiary rights. The Contractor agrees--

(1) To indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of technical data or computer software received from the Government with restrictive legends by the Contractor or any person to whom the Contractor has released or disclosed such data or software; and

(2) That the party whose name appears on the restrictive legend, in addition to any other rights it may have, is a third party beneficiary who has the right of direct action against the Contractor, or any person to whom the Contractor has released or disclosed such data or software, for the unauthorized duplication, release, or disclosure of technical data or computer software subject to restrictive legends.

### **52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 10 days.

### **52.222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)**

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed \* \_\_\_\_\_ or the overtime premium is paid for work --

- (1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature;
- (2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;
- (3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or
- (4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above shall include all estimated overtime for contract completion and shall--

- (1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;
- (2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;
- (3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each affected contract; and
- (4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

\*Insert either "zero" or the dollar amount agreed to during negotiations.

### **52.211-14 NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE USE (SEP 1990)**

Any contracts awarded as a result of this solicitation will be a [ ] DX rated order; [X] DO rated order certified for national defense use under the Defense Priorities and Allocations System (DPAS) (15 CFR 350), and the Contractor will be required to follow all of the requirements of this regulation.

### **52.244-2 SUBCONTRACTS (JUN 2007)**

(a) Definitions. As used in this clause--

“Approved purchasing system” means a Contractor's purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR).

“Consent to subcontract” means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

“Subcontract” means any contract, as defined in FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase

orders, and changes and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that--

(1) Is of the cost-reimbursement, time-and-materials, or labor- hour type; or

(2) Is fixed-price and exceeds--

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts:

The contractor shall not acquire any single item or system or issue any single purchase order valued at \$10,000 or more without a proposal to do so and a written approval of the TOM and the Procuring Contracting Officer.

(e)(1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting--

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;

----------------------------------	----------------------------	----------------------------------	--------------------	-------

(F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (b), (c), or (d) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination--

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) To relieve the Contractor of any responsibility for performing this contract.

(g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of- cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404- 4(c)(4)(i).

(h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.

(i) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR Subpart 44.3.

(j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:
