

2. AMENDMENT/MODIFICATION NO. 04	3. EFFECTIVE DATE 02-Jul-2013	4. REQUISITION/PURCHASE REQ. NO. M67854-12-R-0524	5. PROJECT NO. (If applicable) N/A
6. ISSUED BY MARCORSYSCOM 2200 Lester St Bldg 2200 Quantico VA 22134-6050	CODE M67854	7. ADMINISTERED BY (If other than Item 6) MARCORSYSCOM 2200 Lester St Bldg 2200 Quantico VA 22134-6050	CODE M67854

8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State, and Zip Code) Jacobs Technology, Inc. 600 William Northen Blvd. PO Box 884 Tullahoma TN 37388	[X]	9A. AMENDMENT OF SOLICITATION NO.
		9B. DATED (SEE ITEM 11)
		10A. MODIFICATION OF CONTRACT/ORDER NO. N00178-04-D-4072-MU61
		10B. DATED (SEE ITEM 13) 26-Sep-2012
CAGE CODE 07486	FACILITY CODE	

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning one (1) copy of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
SEE SECTION G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

(*)	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
<input type="checkbox"/>	
<input type="checkbox"/>	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.)SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
<input type="checkbox"/>	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
<input checked="" type="checkbox"/>	D. OTHER (Specify type of modification and authority) FAR 52.217-9, Option to Extend the Term of the Contract.

E. IMPORTANT: Contractor is not, is required to sign this document and return ___ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

SECTION C DESCRIPTIONS AND SPECIFICATIONS

PERFORMANCE WORK STATEMENT USMC SIPRNET SUPPORT SERVICES

1.0 Scope. The Marine Corps Network and Infrastructure Services (PM MCNIS) program office, Information Systems and Infrastructure Product Group (PG/ISI), Marine Corps Systems Command (MCSC), in Quantico, Virginia requires Information Technology (IT) networking support services for the US Marine Corps (USMC) garrison classified network at Marine Corps Installations Pacific (MCI-PAC), Marine Corps Installations West (MCI-WEST), Marine Corps Installations East (MCI-EAST), Marine Forces Reserve (MARFORRES), and the Marine Corps National Capitol Region (MCNCR). Throughout the contract period, the Contractor will be required to assist the Government with such duties as customer support, network monitoring, system analysis, troubleshooting, and problem solving in support of garrison classified network end users, system administrators, and network administrators.

1.1 Background. In 2007, decisions by the Marine Requirements Oversight Council and the Assistant Secretary of the Navy for Research, Development, and Acquisition resulted in approval of USMC garrison classified network technology refresh and support to be obtained outside of the Navy Marine Corps Intranet contract. As a result, MCI-PAC, MCI-WEST, MCI-EAST, MCNCR, and MARFORRES require Contractor support services for the operation and maintenance of their garrison classified network environments.

2.0 General Requirements. The contractor shall ensure that all IT hardware and software equipment necessary to support network services function at all times to support mission requirements. Equipment such as desktop workstations, laptops, CD/DVD ROM reader/writers, domain controllers, network interface cards, switches, routers, Storage Area Network (SAN) devices and controllers, Virtual Private Network (VPN), media converters, monitors, keyboards, print servers, plotters, scanners, servers, wireless network devices, and printers will require installation, maintenance, and troubleshooting support. In addition, the Contractor shall provide network and system administration support to include enhancement integration, maintenance, and documentation for the secure network and the overall secure computing environment. The Contractor shall provide support for secure Wide Area Network (WAN) and Local Area Network (LAN) architecture and infrastructure, including interfaces with the Department of Defense (DoD) networks and any other outside agencies.

Support required includes first level support (Tier 1) and on site (Tier 2) second level support for problem reporting and resolution for end users and the overall computing environment. The contractor shall track all trouble tickets and work orders.

Contractors must be able to access secure facilities at the SECRET level, and be approved for unescorted access at all site facilities

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. MU61	AMENDMENT/MODIFICATION NO. 04	PAGE 10 of 36	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

2.1 Specific Requirements.

2.1.1 Specific Tasks.

- a. The Contractor shall maintain end user, network infrastructure, and system equipment (hardware and software) in accordance with best practices, regional policy, and DoD guidelines so that that users may access SIPRNet resources.
- b. The Contractor shall track all work through the region's trouble ticket tracking system.
- c. The Contractor shall perform hardware and software installation, updates, configuration, troubleshooting, and problem resolution.
- d. The Contractor shall provide diagnostic assistance to identify root causes and resolve hardware and software issues.
- e. The Contractor shall provide operations and maintenance support for all IT equipment, to include network servers, PCs, printers, scanners, portable computers, switches, routers, Secure Mobile Environment Portable Electronic Devices (SME PEDs), desktop video systems/video teleconference and projection systems, docking stations, any external peripherals (e.g. CDROM-R/DVD, CDROM-RW, CAC readers, etc.), and other miscellaneous IT equipment.
- f. The Contractor shall install, relocate, connect, disconnect, upgrade and maintain computer systems hardware, software, documentation, and peripheral devices.
- g. The Contractor shall install computer hardware and software applications in order to ensure software applications meet end user requirements and comply with Marine Corps Computer Emergency Response Team (MARCERT) operational directives and Security Technical Implementation Guide (STIG) mandates.
- h. The contractor shall install smart card readers, middleware and PKI (Public Key Infrastructure) Certificates in support of SIPR Token deployment. Additionally, the contractor shall provide troubleshooting support to personnel on use of the SIPR Token card and its software certificates.
- i. The Contractor shall install and maintain all types of network and PC attached printers (bar code and laser).
- j. The Contractor shall install, configure and maintain network print servers.
- k. The Contractor shall provide software technical support to include deployment of releases/upgrades/patches, installation, configuration, troubleshooting, and problem resolution for commercial software packages including Microsoft Windows, Microsoft Office, and Microsoft Active Directory (AD).
- l. The Contractor shall provide IT inventory database support for control and location of IT assets.
- m. The Contractor shall monitor network infrastructure devices and systems' performance,

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. MU61	AMENDMENT/MODIFICATION NO. 04	PAGE 11 of 36	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

troubleshoot system problems, and conduct analysis to identify the source of the hardware and/or system problems.

- n. The Contractor shall assist the Government with implementation of patches including Information Assurance Vulnerability Alerts (IAVAs), Information Assurance Vulnerability Bulletin (IAVBs), and Information Assurance Vulnerability Technical Advisories (IAVTAs).
- o. The Contractor shall assist the Government with configuration and administration of Internet Protocol (IP) addressing schemes, Domain Name Server (DNS), Windows Internet Naming Service (WINS), and Transmission Control Protocol/Internet Protocol (TCP/IP) network support.
- p. The Contractor shall assist the Government in responding to Marine Corps Computer Emergency Response Team (MARCERT) operational directives and IAVAs to curtail vulnerabilities.
- q. The Contractor shall search computer and network logs for unauthorized entry attempts or activity and report any findings.
- r. The Contractor shall search computer and network logs for unauthorized entry attempts and/or activity.
- s. The Contractor shall examine potential security violations to determine if the network environment has been breached, assess the impact, and preserve the evidence.
- t. The Contractor shall monitor, test, and troubleshoot hardware and software IA problems.
- u. The Contractor shall recommend and schedule IA-related repairs.
- v. The Contractor shall assist the Government with the management of accounts, rights, and access to network systems and equipment.
- w. The Contractor shall ensure that hardware, software, data, and, facility resources are archived, sanitized, or disposed of in a manner consistent with system security plans and requirements.
- x. The Contractor shall maintain a common set of network drawings and schematics.
- y. The Contractor shall maintain documentation for installation and configuration of network equipment.
- z. The Contractor shall input documentation into the USMC's Certification and Accreditation (C&A) tool.
- aa. The Contractor shall assist the Government with maintenance all network equipment including encryption devices, routers, switches, SANs, firewalls, and workstations.
- bb. The Contractor shall configure, manage, and administer network disk space.
- cc. The Contractor shall perform automated and manual backup and restore processes.

----------------------------------	----------------------------	----------------------------------	------------------	-------

- dd. The Contractor shall troubleshoot all network devices.
- ee. The Contractor shall troubleshoot network-connected terminals for software and hardware problems.
- ff. The Contractor shall program devices and controller units using regional Standard Operating Procedures (SOPs).
- gg. The Contractor shall provide software technical support to include deployment of releases/upgrades/patches, installation, configuration, troubleshooting, and problem resolution for commercial software packages including distributed sniffer software, switch and router management software, and vulnerability scanning software.
- hh. The Contractor shall provide software technical support to include deployment of releases/upgrades/patches, installation, configuration, troubleshooting, and problem resolution for various commercial software packages to include Microsoft Windows Server, Microsoft Exchange Server, and Microsoft AD.

2.1.2 Reporting. The Contractor shall submit reports on the work performed in accordance with the tasks stated above.

The contractor shall report ALL contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for the SIPRNET via a secure data collection site. The contractor is required to completely fill in all required data fields using the following web address:

<https://doncmra.nmci.navy.mil>.

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://doncmra.nmci.navy.mil>.

**CDRL B001: Regional Weekly Summary and Status Report
CDRL B002: Monthly Summary and Status Report
CDRL B003: IT Infrastructure Management (ITIM) Report
CDRL B004: Incident Detection Report**

2.1.3 Response Times. The Contractor shall be responsible for communication via written trouble ticket or work order for repairs,

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. MU61	AMENDMENT/MODIFICATION NO. 04	PAGE 13 of 36	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

installations, troubleshooting. The Contractor shall ensure a one (1) hour response time for priority one (1) (critical/immediate) problems; a three (3) hour response time for a priority two (2) (high) problems; a 24 hour response time for a priority three (3) (medium) problems; and a 72 hour response time for a priority four (4) (low) problems. The Contractor shall close out completed trouble tickets and work orders within eight (8) hours after issue resolution and/or completion of work.

2.2 Normal Working Hours

2.2.1 Normal Working Hours. The Contractor shall perform services required under this PWS from 0700-1700 Monday through Friday except Federal holidays and base closures. Additionally, the Contractor shall perform occasional regular network maintenance or emergency support outside of normal working hours to minimize user impact or to support unexpected situations that occur due to unforeseen requirements.

The Contractor shall organize a Kickoff Meeting to be attended by the COR and Contractor personnel to reconcile performance requirements including a detailed WBS, 30-day staffing plan, use of team members/Subcontractors, and quality control measures in response to the QASP.

Contractor employees shall identify themselves as contractor personnel by introducing themselves or being introduced as contractor personnel and displaying distinguishing badges or other visible identification for meetings with Government personnel. In addition contractor personnel shall appropriately identify themselves as contractor employees in telephone conversations and in formal and informal written correspondence.

2.3 Place of Performance.

The Contractor will provide end user, network administration, and systems administration support services for the garrison classified network environment at the USMC installations listed in Tables 1-4 below.

MCI-WEST Locations
Marine Corps Base Camp Pendleton, CA
Marine Corps Air Station Camp Pendleton, CA
Marine Corps Logistics Base Barstow, CA
Marine Air Station Yuma, AZ
Marine Corps Air Ground Combat Center 29 Palms, CA

jurisdiction over members of the armed forces on active duty and other persons subject to the Uniform Code of Military Justice.

- h. Resuscitative Care - Provides individual employee with life saving emergency care.
- i. Common Access Card (CAC)/ID Card - Provides individual employees with a CAC/ID Card.
- j. Military Banking - Provides individual employee access to DoD community banking services.
- k. Transportation - Needed to move from site to site as required.
- l. Commissary - Provides individual employee access to Commissary goods.
- m. Dependents Authorized - Provides individual employee's dependents with area clearance and a Dependents' ID Card.
- n. Military Exchange - Provides individual employee access to Military Exchange services.
- o. DoD Schools – Provides space available enrollment in DoD schools, at the individual’s expense.

3.0 Facilities, Other Direct Charges (ODCs), and Travel Requirements. USMC will provide workspace (e.g., cubicle space, computer, and phone) to facilitate Contractor staff working on-site at required locations to perform the tasks of this PWS. CONUS and OCONUS travel must be reimbursed in accordance with the JTR. Per Diem shall be in accordance with <http://www.defensetravel.dod.mil/site/perdiemCalc.cfm>. Local travel is authorized and travel to operational sites may be required.

The expected level of travel is detailed below:

<i>LOCATION</i>	Number of Trips (Base)	Number of Trips (Option 1)	Number of Trips (Option 2)	Estimated Duration
Seoul, South Korea	4	4	4	7 Days
Iwakuni, Japan	4	4	4	7 Days
Kaneohe Bay, Hawaii	2	2	2	7 Days
Camp Fuji, Japan	2	2	2	7 Days

Government printing requirements are MANDATED to use Defense Document Services, 1-877-DAPS-CAN. ODC requests for printing requirements MUST be obtained and approved by the CEOss Contracting Officer ONLY, prior to conducting these services and after getting applicable waivers.

3.0.1 Garrison Mobile Equipment (GME). When motor vehicle transportation is essential to the performance of official business and falls outside the minimum walking distance; Contractor support may be required to acquire a license to operate GME. All GME is for official purposes only and will be operated and maintained in accordance with MCO 11240.106B. This MCO provides administrative and technical instructions, policies, and procedures for all personnel involved in the management of procurement, operation, and maintenance of GME. DoD contractor personnel do not require the use of Optional Form (OF) 346’s (OF 346 is U.S. Government Motor Vehicle Operator’s Identification Card).

SECTION G CONTRACT ADMINISTRATION DATA

MARCORSYSCOM WAWF INSTRUCTIONS TO CONTRACTORS

252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JUN 2012)

(a) Definitions. As used in this clause--

Department of Defense Activity Address Code (DoDAAC) is a six position code that uniquely identifies a unit, activity, or organization.

Document type means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

Local processing office (LPO) is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) Electronic invoicing. The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS 252.232-7003, Electronic Submission

of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall--

(1) Have a designated electronic business point of contact in the Central Contractor Registration at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this Web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through

WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>.

(e) WAWF methods of document submission. Document submissions may be via Web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) Document type. The Contractor shall use the following document type(s).

(Contracting Officer: Insert applicable document type(s). Note: If a "Combo" document type is identified but not supportable by the Contractor's business systems, an "Invoice" (stand-alone) and

"Receiving Report" (stand-alone) document type may be used instead.)

(2) Inspection/acceptance location. The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

(Contracting Officer: Insert inspection and acceptance locations or "Not applicable.")

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. MU61	AMENDMENT/MODIFICATION NO. 04	PAGE 31 of 36	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION H SPECIAL CONTRACT REQUIREMENTS

SECTION H. SPECIAL CONTRACT PROVISIONS.

H.1 Contracting Officer's Representative (COR)

The Contracting Officer has designated a Contracting Officer's Representative in accordance with DFARS 201.602-2 (2). The COR is not authorized to negotiate changes, direct the contractor, or obligate the Government. The COR for this task order is:

██████████

██████████

All Contract Data Requirements List (CDRL) deliverables are to be submitted to the COR, and the COR is responsible for tracking and acceptance.

H. 2 Identification of Contractor Employees

Contractor employees shall identify themselves as contractor personnel by introducing themselves or being introduced as contractor personnel and displaying distinguishing badges or other visible identification for meetings with Government personnel. In addition contractor personnel shall appropriately identify themselves as contractor employees in telephone conversations and in formal and informal written correspondence.

H.3 Organizational Conflict of Interest (OCI)

Limitation of Future Contracting. The Contracting Officer has determined that this acquisition may give rise to a potential conflict of interest. Prospective Offerors should read FAR Subpart 9.5 -- Organizational and Consultant Conflicts of Interest. This task may involve systems engineering and technical direction for the SIPRNET program that will preclude Contractor involvement in future efforts. The restrictions upon future contracting are as follows:

- If the Contractor, under the terms of this task order, or through the performance of tasks pursuant to this task order, is required to provide systems engineering and technical direction for a system or helps to develop specifications or statements of work to be used in a competitive acquisition, the Contractor shall be ineligible to supply the system or major components of the system as a prime Contractor and shall be precluded from being a Subcontractor or consultant to a supplier of the system or any of its major components under an ensuing Government contract. This restriction shall remain in effect for a reasonable time, sufficient to avoid unfair competitive advantage or potential bias (this time shall in no case be less than the duration of the initial production contract).

To the extent that the work under this contract requires access to proprietary, business confidential, or financial data of other companies, and as long as these data remain proprietary or confidential, the Contractor shall protect the data from unauthorized use and disclosure and agrees not to use it to compete with those other companies.

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes corporations, partnerships, joint ventures, and other business enterprises.

(b) The contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. MU61	AMENDMENT/MODIFICATION NO. 04	PAGE 32 of 36	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid potential conflict of interest, and at the same time to avoid prejudicing the best interest of the government, the right of the contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

(d)

(1) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the government any information provided to the contract by the government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the government on confidential basis by other persons. Further, the prohibition against release of government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure or any party outside the government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the contractor. The terms of paragraph (f) of the Special Contractor Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The contractor further agrees that during the performance of this contract and for a period of three years after completion of performance of this contract, the contractor, any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may subsequently merge or affiliate or any other successor or assign of the contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or as a subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any re-competition for those systems, components, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the contractor may, with the authorization of the cognizant contracting officer, participate in a subsequent procurement for the same system, component, or service. In other words, the contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest; it shall make immediate and full disclosure in writing to the contracting officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action, which the contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the contracting officer in making a determination on this matter. Notwithstanding this

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. MU61	AMENDMENT/MODIFICATION NO. 04	PAGE 33 of 36	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

notification, the government may terminate the contract for the convenience of the government if determined to be in the best interest of the government.

(g) Notwithstanding paragraph (f) above, if the contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become aware of an organizational conflict or interest after award of this contract and does not make an immediate and full disclosure in writing to the contracting officer, the government may terminate this contract for default.

(h) If the contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the government may terminate this contract by default.

(i) The contracting officer's decision as to the existence or nonexistence of the actual or potential organization conflict of interest shall be final and is not subject to the clause of this contract entitled "DISPUTES" (FAR 52.233.1).

(j) Nothing in this requirement is intended to prohibit or preclude the contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the contractor from participating in any research and development. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The contractor shall promptly notify the contracting officer, in writing, if it has been tasked to evaluate or advise the government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the government's interest.

(l) The contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.

(n) Compliance with this requirement is a material requirement of this contract.

H.4 Contractor Support Public Trust Determinations

Per Marine Corps Systems Command Policy Letter 1-09, all Contractor support that require a CAC are required to submit a Standard Form 85P, "Questionnaire for Public Trust Positions," and two copies of DD Form 258 "Applicant Fingerprint Card" to the Command's Security Program office along with a personnel roster of submissions and an addressed Federal Express container addressed to OPM, 1137 Branchton Road, Box 618, Boyers, PA 16018.

The Contractor is responsible for determining when adjudications have been entered by reviewing the notification status of their respective personnel. Once this has been completed, the Contractor may request the issuance of the CAC using the Contract Verification System (CVS) procedures. However, if issues are discovered, the Department

CONTRACT NO. N00178-04-D-4072	DELIVERY ORDER NO. MU61	AMENDMENT/MODIFICATION NO. 04	PAGE 34 of 36	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

of the Navy, Central Adjudication Facility (DONCAF) will place a "No Determination Made" in the Joint Personnel Adjudication System (JPAS) and forward the investigation to the submitting office for the Government to adjudicate.

H. 5 Substitution of Key Personnel

a. Key personnel definition. Key personnel are understood to be those individuals who were proposed in the Contractor's technical submission, and specifically listed herein, who are necessary to fill the requirements of the task order.

NO KEY PERSONNEL IDENTIFIED.

b. The contractor shall assign to this task order those people identified as key personnel and who are necessary to fulfill the requirements of this task order. No substitutions shall be made except in accordance with this clause.

c. Guidance on Substitutions. All substitution requests must be submitted, in writing, at least fifteen (15) days [thirty (30) days if security clearance is to be obtained] in advance of the proposed substitutions to the Contracting Officer.

d. Requests for Substitutions. All requests for substitutions must provide a detailed explanation of the circumstances necessitating the proposed substitution, and any other information requested by the Contracting Officer. All proposed substitutes must have qualifications that are equal to or higher than the qualifications required of the person to be replaced. The Contracting Officer or his/her authorized representative will evaluate such requests and promptly notify the Contractor of his/her approval or disapproval thereof.

H.6 Certifications

Information Assurance (IA) Certification Requirement. Contractor personnel performing tasks associated with this PWS that will be performing an IA function shall be trained and certified in accordance with DoD Directive 8570.1 and DoD 8570.01-M. C2.1.5. The certification requirements of this Manual apply to DoD civilian employees, military personnel, LNs, and support contractors performing the IA functions below and described in detail in Chapters 3, 4, 5, 10 and 1 IA functions are defined in chapters 3 and 4 of the DoD 8570.01-M. Contractor personnel shall be certified at the appropriate IAT Level in accordance with their designated responsibilities as demonstrated by possessing one (1) of the authorized certifications listed in DoD 8570.01-M. The Contractor shall identify personnel performing IA functions identified in the PWS prior to that employee commencing any work under this PWS and provide documentation to the designee showing the employee's certification(s) and certification status. The Contractor shall track certification status of employees to ensure certifications are current and shall replace departing employees with employees possessing current certifications in a manner that will not cause support interruption.

H.7 Post Award Conference

Within 30 days of the start of performance, the awardee shall organize a Kickoff Meeting to be attended by the COR and contractor personnel to reconcile performance requirements including: detailed WBS, 30-day staffing plan, use of team members/subcontractors, security requirements, funding and management of funds, and quality control measures in response to the Performance Requirements Survey (PRS).

----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION I CONTRACT CLAUSES

09RA 52.217-9 -- OPTION TO EXTEND THE TERM OF THE CONTRACT. (MAR 2008)

- (a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to completion of the base period; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.
- (b) If the Government exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed five years.
